

Robert Delmonte, P.E.

Robert Delmonte, P.E., is a Project Executive at Posillico Civil, Inc where he has worked since 2005. As a licensed Professional Engineer in NY and PA, Robert is also a NYC DOB Licensed Superintendent. He graduated from the University of Pittsburgh in 2004 with a BS in Civil Engineering. Rob then started his career with Kiewit where he worked on the Electric Boat Reconstruction project in Groton CT, before joining the Posillico team in 2005. He later earned a Master of Science in Civil Engineer with a concentration in Geotechnical Engineering in 2011 from the Polytechnic Institute of NYU, now the Tandon School of Engineering.

During his career at Posillico, Robert has worked on waterfront redevelopment projects such as “Garvies Point” in Glen Cove, deep foundation projects such as the “Queens Plaza Residential Development” in Long Island City, and various Environmental remediation projects across the tri state area. Currently working at The East Side Coastal Resiliency as the Posillico Lead where his experience is put to work at this complex waterfront project with challenging environmental and geotechnical aspects.
