

Chris L. Saucier, P.E., P.M.P.

Chris came to TVA in 2011 with over 20 years of civil and geotechnical engineering experience developed during prior careers in academia, research, and consulting engineering. Since joining TVA, Chris has served as a geotechnical specialist and the Senior Manager of Dam Safety Technical Services. He has led the engineering of over a dozen major dam modification projects for TVA, including his role as the Technical Director for the Boone Dam Internal Erosion Remediation Project. Chris was named the TVA Engineer of the Year for 2022. He currently is a Senior Project Manager for Special Projects within TVA's Dam Safety Division.

Chris has a Bachelor of Science in Civil Engineering from Mississippi State University, and advanced civil engineering degrees from Mississippi State and the Johns Hopkins University. He currently lives in Johnson City Tennessee with his wife Dawn, and their two children, Matt and Mara. He is also blessed with triplet daughters who recently graduated from colleges and are embarking on careers of their own.
